

Welcome to... BAYVIEW CORAL BAY HOLIDAY PARK

IMPORTANT INFORMATION

CHECKOUT TIME IS 10.AM.

If extending your stay, please arrange at reception before 9.30am. Accommodation units are self catering and the supermarket is open 7.00am to 7.00pm.

DRINKING WATER IS AVAILABLE

(See **X** on reverse map) see reception for bulk fresh water refills.

TAP WATER is from an **ARTESIAN BORE** which is 830 metres deep and produces **HOT** water unsuitable for drinking or car washing but suitable for showering. Please note that at times in some accommodation our environmentally friendly hot water tap may need to be run for a while before water is hot. We do not recommend vans be hooked up to the on-site water.

Saltine couch grass is conditioned to the hot water bore. By using fine spray heads on the sprinklers, the water is cooled so that the grass is not burnt and killed. Should you use the hose, please reattach it to the sprinkler head. Please do not run the hose directly onto the grass.

TOUR BOOKINGS

Tour bookings can be made at the Bayview Ticket Office located next to Reception, including Coral Viewing on our Glass Bottom Boat, Miss Coral Bay III, Snorkel, Manta & Nature tours on M.V. Ningaloo, Fishing Charters, Quad Trekking and much more.

The **BAY** is a **MARINE RESERVE** so **FISHING** is **NOT ALLOWED** but there are several easily accessible spots for beach fishing. Removing Shells from any beach is totally prohibited. The clean beaches and clear waters are ideal for all aspects of swimming, diving and snorkelling. Coral species and fish of all shapes and sizes are located close inshore. The **FISH FEEDING** is a fascinating experience and occurs at 3.30 each day. Best snorkelling spot off the beach is south of Lookout (See map).

The licensed **NINGALOO REEF CAFÉ** is located next door to the **BAYVIEW CORAL BAY RECEPTION**. Enjoy eating al fresco, indoors or try the Take-Away meals including Pizza's.
